Cooperation (Coop) note

Typeface and size
12 on 14 point or 14 on 16 point Baskerville Italic. The approximate maximum width is 29 picas.

Sink

Sink depends on length and size of title. In general, 11 picas from (to) top trim edge is a good sink (5 picas from top trim edge and 6 picas from top page margin)

Series line

Typeface and size
12-point Baskerville Bold caps. Letter-space and (or) wordspace to fill 39 picas, depending on length of and number of words in series line.

Positioning

Set flush left. Leave space to right of cooperation note for Departmental seal.

Title

Typeface and size
18–48-point Baskerville caps and lowercase, depending on length of title and space available; 5 points of leading between lines.

Rule

Set a 3-point rule to separate the title matter from the series line. The length of this rule is 39 picas. Leave 18 points of space between this rule and the series line itself.

Seal

1 1/4-inch seal

Positioning

Begin title 7 1/2 picas from binding edge. Leave 18 points of space between the title and the 3-point rule that separates it from the series line.
